### Navy Refuses To Halt Search For Seven Fliers

Greatest Mass Search In Navy's History Under Way By Air And Sea

CLING TO HOPE PLANE IS AFLOAT

Battleships, Destroyers, And 300 Planes Are Engaged In Widespread Hunt

(BULLETIN)  
(International News Service)  
SAN DIEGO, Cal., Jan. 8.—First indications of the fate of the missing navy bombing plane, with seven officers and men aboard, were seen today with the finding of a patch of oil on the sea 200 miles north-west of here.

SAN DIEGO, Cal., Jan. 8.—The navy refused to give up hope or abandon search today for its missing patrol plane and seven occupants. In the greatest mass search it has ever conducted, the navy spread out, by air and sea, over an area of 50,000 or more square miles in the vast hunt for the missing fliers.

Cling To Waning Hope  
Although the two-motored bombing patrol plane has been missing off the coast of Southern California since Wednesday afternoon, the searchers cling to a waning hope that somewhere out on the Pacific, exhausted and worn, but still alive, the seven men waited for rescue.

The hope was based on the possibility that the big plane was still afloat on the heaving seas. Missing with the patrol plane are Lieut. Truman E. Carpenter, Avia-

### PA NEW OBSERVES

Due to the various changes of weather, North Lee avenue has become annoying to the motorists, Pa. News is told.

Pa. News noted a man, driving through the Diamond Friday evening, with a dog perched on his shoulders.

In a letter to Alderman O. H. P. Green, W. Scott McCaslin, in Florida for the first time this winter, tells of the "tough" time he is having. Shirt sleeves are the popular garb with fishing as the job at hand. Between noon and early afternoon the weather is too hot for fishing and they just rest.

Note to street department: In case the department is short a standard bearing the words, "No Parking Police Department," same can be found in the bottom of the Hennock under the South Mill street bridge. Pa. News observed the sign there today. The words are clearly visible.

The First Christian church is looking ahead to a notable celebration—the 70th anniversary of the dedication of its present edifice on the Public Square. The building was dedicated, Dr. G. S. Bennett, the pastor, said today, on February 14, 1868.

New signs have made their appearance at the entrance to the city on the main highways. They announce that speed regulations are enforced, by order of the police.

### Propose Program To Halt Business Slump

(International News Service)  
WASHINGTON, Jan. 8.—Declaring fears of a severe economic breakdown are unfounded, members of the senate unemployment and relief committee today proposed a temporary program designed to halt the business recession.

Based on the first week of testimony on causes of the recession given by representatives of business, industry, labor and government, the committee's verbal recommendations call for increased federal spending, revision of taxes, and closer cooperation between business and government.

In addition, committee members stressed the need of a common ground on which government and

business may work out their problems, and proposed certain government and business officials adopt a more friendly attitude toward each other.

"There is no doubt in my mind that if big business and some representatives of the administration would cease their warfare the recession would be over in a short while," said Senator Byrnes (D) of South Carolina, chairman of the committee.

Byrnes' statement added significance to the testimony of Gen. Robert E. Wood, president of Sears Roebuck, who declared business is holding back because of recent attacks by Robert H. Jackson, assistant attorney general, and Secretary of Interior Ickes.

### President To Speak At Jackson Dinner

(International News Service)  
WASHINGTON, Jan. 8.—To the dizzy tune of \$100 a plate, approximately 1,000 super-loyal New Dealers will assemble in one of Washington's leading hotels tonight to pay homage to that Democratic patron saint, Andrew Jackson, and also listen to President Roosevelt's latest discussion of the forces he believes lie behind the current business recession.

Mr. Roosevelt's speech will be broadcast at approximately 9:30 p. m., E. S. T., after Postmaster General and Democratic National Chairman James A. Farley makes introductory remarks from a New York dinner, where more than 1,200 are expected at \$50 a plate, their words will reach thousands of other diners in smaller cities and towns, who will pay more modestly from \$5 to \$10 a plate, and to millions who will just stay at home and turn on the radio.

Tonight's Jackson Day dinner is distinctly political, in that Big Jim Farley hopes to raise from \$200,000 to \$250,000 in his dinners to wipe out the Democratic party's \$211,295 deficit, but business leaders were waiting Mr. Roosevelt's address as much interest as they did this annual message to congress last Monday.

### Many Flee From Teruel As Truce Is Established

Loyalist Troops Appear To Be In Complete Charge Of City Today

(International News Service)  
HENDAYE, France, Jan. 8.—Loyalist troops appeared today to be in complete control of the city of Teruel on Spain's bitterly contested eastern front following reported wholesale insurgent surrenders and a truce which permitted non-combatants to evacuate the battle area.

More than 2,000 persons, a large number of them women, children and aged men who had borne the horrors of war for weeks, trooped out of the city during the two-hour respite, which was arranged by the president of the international Red Cross delegation.

Women Faint.  
Reports from Barcelona stated many women, shut in cave-like fortifications, fainted when they emerged into the light of day, and many others were suffering severely from extreme weakness and thirst.

Barcelona reported that Rebel Col. Rey Dancourt, former insurgent military commander of Teruel, surrendered with 1,500 men.

Dancourt was reported to have said that a small group of rebel die-hards remained behind their barricades in the Santa Clara convent. He had not been in touch with this group for days, he stated. Meanwhile rebel forces outside the city kept up their attacks, and brought the famous Italian Black Arrow battalion into the Teruel battle for the first time.

### Youthful Bandit Dies Of Wounds

Mother At Bedside Thankful Son Was Spared From Death In Electric Chair

KILLED OFFICER DURING HOLDUP

(International News Service)  
NEW YORK, Jan. 8.—Pale lips whispered "sorry mother," a young body twitched convulsively, stiffened. A nurse whispered to the sobbing woman, drew a sheet over her face of the form on the bed. But at least cop killer Thomas Kirwin's mother won't have to see him burn in the electric chair for the murder of Patrolman Frank Zaccor.

Death wasn't so kind to the hero policeman. It claimed him a few minutes after he shot out with three holdup men in a restaurant Thursday morning. It didn't give him opportunity to say his goodbyes to his wife and two small children.

Kirwin Was Killer  
Kirwin, only 22, killed Zaccor, according to Richard Delaney, held without bail as a second of the bandit trio. And Zaccor mortally wounded Kirwin.

Last night as his grieving parents sat beside his bed, his mother, holding his hand, the young bandit died. But he smiled just before he died. But special "mother smile" which many a scapegoat son has left behind as his only honest legacy.

### Cold Wave Is Enroute Here

Mercury To Drop According To Prediction Of Weather Bureau

(International News Service)  
PITTSBURGH, Jan. 8.—A cold wave moving in from the west will drop the mercury to between five and ten degrees above zero tonight, the Weather Bureau predicted today.

Forecaster W. S. Brotzman said he did not expect that record for the coldest weather of the season—six above on December 9 last—would be broken tonight.

### Long Conflict With China Is Seen By Japan

Premier Of Japan Goes On Assumption War Will Last Four Years

MAINTENANCE PLAN BEING PRESENTED

Tokyo Government Not Forgetting Menace Of Soviet Russia Either

(International News Service)  
TOKYO, Jan. 8.—On the announced assumption that Nippon's war with China will last four years, Premier Prince Fumimaro Konoye today placed before his cabinet a four-year plan for maintenance of national resources.

The cabinet placed the matter in the hands of a national planning board which will draft details for presentation to the diet (parliament) January 22.

See Long Conflict  
This was the latest, and by far the most official, of many recent indications that Japan's government believes its campaign in China may develop into a long conflict of attrition in which its resources will be strained to the utmost to accomplish Japan's "mission" in the Far East.

Foreign observers here also saw more than a hint in this move of official belief that the Chinese campaign may develop into something more general. Never for an instant, it is believed, does the Tokyo government forget the menace of Soviet Russia, her huge armies and her gigantic airforce, to the west.

At the same time, more and more proofs have been piling up that Japan's leaders meant what they said when, at the outset of the present conflict, they vowed to "bring China to her knees."

Today the Tokyo newspaper Nichi Nichi added its voice to this swelling chorus of determination to fight to the finish.

"Unless China's chastisement is complete, peace will be incomplete," said Nichi Nichi.

### May Use Cameras To Get Speeders

(International News Service)  
PITTSBURGH, Jan. 8.—Better not speed or the state cops will shoot you with a camera.

And that is exactly what may happen soon, Rear Admiral Percy W. Foote, commissioner of the State Motor Police, revealed to the Traffic and Transport Association here last night.

Experiments are now being made with motion picture machines using infra red ray films which pierce the darkness, Foote revealed. Such cameras could be used in pitch dark to register the speed of the car they photograph, he explained, and the driver as well as the license plates would be photographed at the same time.

### May Have Clue In Triple Crime

Blood-Stained Bill Passed In Grocery Store In Greene County

HUNT FOR YOUTH WITH OHIO CAR

(International News Service)  
YOUNGSTOWN, O., Jan. 8.—A blood-stained \$10 bill passed in a grocery store today gave police their first clue in the triple murder of the Baumeister family near North Lima.

Frank Rhodes, a grocery store clerk at Brave, Pa., in Greene county, on the Pennsylvania-West Virginia border, told police he was given the bill in payment for groceries by a youth driving a car with Ohio license plates. Police believe the youth may be the 23-year-old farmhand sought for the killings of Henry Baumeister, his wife and his 70-year-old father, Theodore.

Police said Rhodes' description of the youth from whom he received the blood-stained money closely fitted that of the missing farmhand.

The clue also may serve to bring G-men into the case officially James F. Durlan of the Cleveland office of the G-men said that if the farmhand was driving a stolen car across state lines, that would give the G-men jurisdiction.

The Baumeisters were buried yesterday at a funeral attended by 1,400 persons, only 700 of whom were able to crowd into the little Mount Olivet Reformed church where the services were held.

Governor Hoffman To Announce Division Of \$25,000 Lindbergh Reward

DECISION HAS BEEN DELAYED

Several Claimants For Reward Are Hopeful Of Getting Part Of Sum

By WALTER KIERNAN  
International News Service Staff Correspondent

TRENTON, N. J., Jan. 8.—Long speculation as to who will receive the \$25,000 Lindbergh reward will be set at rest on Monday afternoon at 2:30 o'clock when Gov. Harold Hoffman will announce his decision, he said today.

The problem has been before him for many months but with the end of his term less than two weeks away he was reported earlier in the week preparing his announcement.

Principal Claimants  
Principal claimants for the reward are Walter V. Lyle and John J. Lyons, gas station attendants who accepted one of the Lindbergh ransom bills, noted the customer's registration and so turned the investigation to Hauptmann when the bill was identified.

Others with claims are William R. Strong, the bank teller who identified the bill as one in the \$50,000 which Dr. John F. Condon threw over a cemetery wall to the supposed kidnaper; William F. Goddard, the Trenton trucker who found the body of the Lindbergh baby; and Joseph A. Perrone and Charles Rossier who were identification witnesses.

In voting the \$25,000 reward money, the legislature left its disposition entirely up to the governor and he has given the various claims much consideration.

While he gave no hint today as to how he will award it, belief was that Lyle and Lyons were the favored claimants.

# Libel Action Filed Against Author

## Du Pont Company Demands \$50,000

One Of "America's Sixty Families" Slaps Back At Critics In Courts

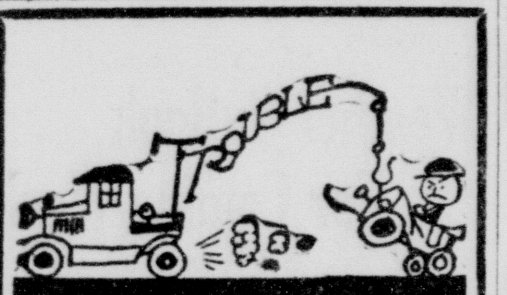

### DECLARE STATEMENTS IN BOOK LIBELLOUS

(International News Service)  
NEW YORK, Jan. 8.—One of "America's 60 families" slapped back at its critics today, with a libel action for \$50,000 against Ferdinand Lundberg who wrote the book of that name and a \$100,000 action against the Vanguard Press which published it.  
Filing of the action followed by a few days inclusion of a reference to the "60 families" in one of Interior Secretary Ickes' royalty-scoring speeches.  
Plaintiff was E. I. du Pont de Nemours Company which cited several alleged libelous statements in Lundberg's book.  
One, attributed to unidentified investigators, reported that the du Ponts billed the government \$75 each for the burial of employees of their Old Hickory Powder plant who died in an influenza epidemic and then sold the bodies for \$11 each.  
Lundberg's book answered that with the statement that the \$11 figure was the cost to his company of burial sites for the workers. He admitted that the company billed the government for coffins, embalming and transportation of the bodies and the bill was paid as "a part of the cost and expense of constructing and operating the plant."  
To a charge that the Old Hickory plant sold illegally withdrawn industrial alcohol to Jess Smith, personal agent of Attorney General Harry Daugherty, for 30 cents a gallon and that Smith resold it for \$10 a gallon, du Pont asserted: "Lundberg's charge is false. No industrial alcohol was illegally withdrawn."

## C. I. O. Seeks To Restrain Mayor Of Jersey City

(International News Service)  
JERSEY CITY, N. J., Jan. 8.—The C.I.O. threw 17 pages of legal arguments into its battle with Mayor Frank Hague today with special stress on constitutional guarantees of free speech and assembly.  
Filed in Federal court at Newark, the lengthy petition for injunction which would restrain the mayor in his efforts to keep C.I.O. out of this city was the organization's answer to his Thursday night rally at which the C.I.O. was labeled as a "Red" organization and a packed armory cheered the mayor's stand.  
Next to come in the line of legal attack, according to C.I.O. counsel is individual suits against Jersey City policemen who have "escorted" C.I.O. organizers out of town as fast as they have come in. Some 40 to 50 of these actions were promised.

## NAVY REFUSES TO HALT SEARCH FOR SEVEN FLIERS

(Continued From Page One)

tion Cadet Philip O. Browning, Edgar Anglin, G. A. Mills, C. C. Creech, Joseph Adair and Laren Peace, the last five enlisted men.  
First reports included the name of William Erbe, of San Diego, but this was found to be an error.  
In the far-flung search today were two aircraft carriers, eleven battleships, eighteen destroyers, several cruisers and nearly 30 planes.

### Weather Conditions Good

From his flagship, The Pennsylvania, Admiral Arthur J. Heppburn, commander-in-chief of the fleet, radioed that weather conditions at sea were good and that search for the lost plane was proceeding at utmost intensity and under a minutely detailed plan.

Whether or not the missing plane will be found, navy men said, depends on what happened when the bomber, which had been engaged in practice maneuvers, came down.

If the big seaplane landed safely on her sturdy hull, designed for sea landings, she may be able to float for several days, while the men would subsist on a generous supply of emergency rations always carried in the planes.

But, if it plunged down nose first or nosed over as she landed, it was pointed out, would more than likely carry her beneath the surface.

In winter when you sit in a warm, cozy room, and on the outside the air is cold, strong winds sending the snow in powdered blasts over the land, do you give thought to the wild folk, birds and other creatures that have to battle the icy weather for their food? When snow lies white and deep under the spread of a blue sky and the cold king's frosty fingers sting deep, and cutting winds sweep through barren trees that groan and crack, is the season of hard times for bird life. Birds suffer from hunger and many forfeit their lives because they are unable to get food when their natural feeding grounds are buried under the snow. I have found dead black-capped chickadees and finches in the snow-covered wild grasses this winter. One of the most trying times for birds occurs when sleet covers the landscape in an armor of ice. Birds fight a losing battle against the winter without the help of man. Birds that need your help in winter are: red-polls, finches, cardinals, chickadees, juncos.

## Ellwood High Wins Close One

Defeats Beaver Falls High Floor Team Friday Night 24-19

### THRILLS PACK GAME IN LINCOLN GYM

ELLWOOD CITY, Jan. 8.—In a close, exciting thrill-packed game, the Ellwood City high school basketball team defeated the Beaver Falls high school team in the final period to win by a score of 24 to 19 in the sectional home opener at Lincoln Court on Friday night. Enthusiastic fans of both schools packed the gymnasium.

In the first period, Ellwood scored 8 points while holding the valley floor to 2 points. DeBortoli and Jones each made a basket and the other four points were added by the four route with Pusco, DeBortoli and Jones being successful. Lonnert scored for the losers.

The second and third quarters were nip and tuck affairs with Beaver Falls outscoring the locals to gain a one-point lead at the end of the third period.

DeBortoli and Jones with 7 points apiece led the winners while Lonnert, Beaver Falls' football star of the past season, was high for the losers with a total of 4 baskets and a free throw.

The reserves won their tenth straight victory by defeating the Beaver Falls Reserves 30 to 19 in a preliminary tilt. Gentile was the "big shot" with five baskets and three fouls to make him a total of 13 points. Jack Snare added to the team's scoring punch by finding the hoop for 5 baskets. Davidson, Thack and Caler were high for Beaver Falls.

Next Tuesday night, the locals will go to New Castle and on Thursday night will be hosts to Butler high. Owing to the annual Senior prom on Friday night, the game will be played the preceding night.

**Rev. A. M. Stump, Of New Castle, Is Guest Instructor**

ELLWOOD CITY, Jan. 8.—A large crowd of interested scouts attended the first session of the Boy Scout Leadership Training course last night in the scout room of the city building.

Chairman of the leadership training course, Boyd Barrett, presided at the meeting and explained the general outline of the course which covers the plan and purpose of the scout movement and how to organize and guide a scout troop.

Rev. A. M. Stump, chairman of Lawrence County Council of Boy Scouts, was the guest instructor for the first session. He gave a very inspiring talk on the subject "Scouting and What It Is and Does."

Rev. Stump pointed out that the secret of the scout program and its success is in the scout oath and laws. "On my honor I will do my best, which puts the boy on his own responsibility, making him an individual, a leader and not an imitator."

Karl Green, scout executive, discussed the subject of "What Scouting Can Do for the Boy" and he emphasized the spiritual, social, physical and mental benefit every scout receives, which is of value to him throughout life.

A brief picture of the benefits of scouting to the leaders of scouting was presented by Boyd Barrett when he showed how scouting activities develop the leaders in their social relations, leadership ability and as a hobby gives each of them a chance to get away from the daily routine of every-day life.

The next session will be held on Friday night, January 14, at 7:45 in the city building when troop organization and patrol system will be discussed by the executive of Mercer county with the aid of Mr. Green. Every scoutmaster and assistant is invited to attend this session which will be of special value to new as well as old scoutmasters.

**JUDGE GETS 'HOT SEAT'**  
(International News Service)  
SACRAMENTO, Cal., Jan. 7.—Municipal Judge Clarence Terry of San Diego is on the lookout for a practical joker who gave him the "hot seat."

The joker smeared the cushion of his judicial throne with oil of mustard causing his honor no end of discomfort. Terry first noticed the burning sensation as local citizens filed past him in answer to traffic citations.

Finally he could not stand it (or sit) no longer and investigated. "I guess someone was trying to put me on the 'hot seat,'" Terry mused.

## Sergt. Loudon Writes Note From Canal Zone

"Orchids to the New Castle News from the boys of France Field, Canal Zone." This compliment accompanied a letter containing a money order for the renewal of a subscription for The News, sent in by Sergeant George Loudon, France Field, Canal Zone.

Sergeant Loudon also writes: "You have no idea how much we appreciate The News here in the Canal Zone. After I finish reading it I put it in the squadron reading room where it is read by a number of boys from all parts of western Panama. I can truthfully say that I have heard some very complimentary remarks from various comrades on the make-up, large variety and completeness of news items covered by The News."

We had a delightful, if somewhat unusual, Christmas here. In fact it was quite different from any Christmas that I have ever had in the past.

C. E. Raymond, secretary of the local Y. M. C. A., a group of fellows

from the Y and I went out about 11 o'clock Christmas eve to do a little Christmas carol singing. Can you imagine singing Christmas carols under the street lights of Colon and Cristobal in your shirt sleeves? Well, we did and though many of our listeners were Spanish and we sang in English, nevertheless all seemed to appreciate the sincerity with which the program was offered.

About midnight we arrived at the Cristobal Union church where Rev. C. L. Morgan was conducting his midnight Christmas services. Here, while fanning industriously, and scratching mosquito bites savagely, we paused to worship and welcome in another Christmas Day.

Truly, the most unusual Christmas I have ever had.

My sincere greetings to you and your staff for the season just past and may 1938 bring greater prosperity and happiness to the people of New Castle and to their newspapers.

Sincerely,  
GEORGE LOUDON, sergeant.

## Old Quilts Are Coming In Style

Patchwork Patterns Are Recalled By McIntyre As Art Is Being Revived

ONE CAN HAVE WHAT HE PAYS FOR

By O. O. MCINTYRE  
NEW YORK, Jan. 8.—This will be one of those slap-happy efforts.

Like plucking the scraps from a rag bag and weaving them into something or other. And, by the way, the old patchwork quilt has been revived. Many's the beautiful work of this patient art I've shivered under.

As a logophile, I still delight in those classic old quilt names, patterns of which were known to thousands on farms and at county fairs. Such as The Rail Fence, The Churn Dash, Young Ladies Rumble and The Goose Chase. Most popular was the log cabin, 21 pieces to the square.

How many family memories were pieced into those quilts! A chink of father's necktie, due to mother's wedding dress, Elizabeth's green

O. O. McIntyre party frock and Aunt Dora's best sateen. And always that bit of lavender plaid from little Patience's Sunday best, in which she was buried.

In the office of Kenneth Collins, a large department store executive, hangs framed quotation from Ralph Waldo Emerson: "What will you have? quoth God. Take it and Pay for it." Anyone applying this lesson can throw away his "You Can" books and plow through the world to triumph.

Most people have noticed that Helen Keller is always photographed from her right side. When younger there was a question in the minds of friends whether or not to have a blemish on her cheek removed and it was finally decided it might cause

her mental anguish to tell her about it. The same council of friends persuaded her never to marry.

An idea fixe in the movies is the framed photograph. Always a huge face taken from front view in the best commercial manner. Never a portrait by Genthe or Steinhilber, never a face with a soul. But a staring exhibitionist and always in a wide silver frame on the southwest corner for the movie star to snatch up and swoon over. This is what the movie directors call "Suggestion."

Beauty hint: There's no doubt that even better than a nail file, the most effective instrument for cleaning the nails is the serrated edge of a folded newspaper. But don't let anyone catch you doing it. It characterizes you as what Gelett Burgess calls a brikin. And is one of the subway pastimes.

A human reminder of a time when the legitimate theatre flourished is the jovial millionaire Frank Vance Storrs and his block long black limousine with the snow white doors. When the Rialto had more than 90 theatres running full blast. Storrs had the program rights for all programs filled with costly luxury advertising which he furnished to producers free. This revenue was the basis of his fortune. At top season today there are less than 20 productions on the boards. So the list will be thinned to a dozen.

Gag: Frank and Berthe Case were recently invited to spend the weekend at the country place of Percy Waxman, well-known magazine editor. In the guest room and the bath adjoining Mrs. Case noticed several towels on which were unmistakably the Algonquin Hotel mark. She politely pretended not to notice this and tried to distract her husband's attention, but there was no hiding the fact. To make it just a little more horrible, upon retiring it was discovered that the sheets and pillow cases on the beds were from their hotel. Not until they returned to their hotel did they learn that Waxman had connived with an assistant manager to borrow the linen for the sole purpose of shocking his guests.

My notion of high in jobs is that of a clerk at the newsstand in a large railroad terminal, such as Grand Central or Pennsylvania. To sit on a high stool with a commanding view of the swirl of crowds—there's an especial glamour reserved for travelers—is excitement enough for anyone, but added to that is to have all the latest periodicals and freshest newspaper editions at elbow. But one man's meat is another man's poison indeed. One of the fortunate holders of such a job tells me he never reads a magazine and scans only the headlines of newspapers. As for crowds, they make him sick.

## On Court House Hill

### REALTY TRANSFERS

Melvin Greggs to Frank I. Phillips, Pulaski township, \$1. Mrs. Sara Crooks estate to Bert H. Baker, 3rd ward, \$1225.

County commissioners Floyd L. Cotton and A. R. Turner held their second stated meeting on Friday, with a few citizens present to present matters of interest to them. Assessor Joseph O'Laughlin and A. J. Micco of Union township were present concerning the ownership of a piece of land in Union township which had been used for a garden for many years. The taxes on the piece of ground seemed to have been overlooked for about 14 years and somebody is going to be presented with a nice bill for taxes shortly.

The commissioners authorized the purchase of a lien filing cabinet and a wide carriage typewriter for the chief clerk's office.

Once again the meeting of the salary board was postponed, this time until Monday. Commissioner George H. Bollinger is sick at home and could not be present Friday. The board will meet Monday unless another postponement becomes necessary.

An application for the position of sealer of weights and measures was received by the commissioners, Earl M. Cornelius applying for the job.

In an order handed down Friday by President Judge W. Walter Braham the charter of the Mahoningtown Railway Men's club is revoked. The revocation was not contested by the proprietors of the club.

Sometime after January 15 a representative of the state department of Revenue will be in the court house to assist tax payers with the filing of their personal property tax returns. James Newton of Wurttemberg, who is the representative for this county is resigning effective January 15 and will not be on duty to aid in the filing.

Working conditions are not exactly happy for the WPA project workers who are on duty in the hallway of the court house. Every time the back door is opened any icy draft comes sweeping up the hall carrying with it promise of colds.

In the office of Prothonotary and Clerk of Courts John A. Edgar the following actions have been filed: Charlotte Guncy asks a divorce from her husband Steve Guncy on the grounds of cruel and barbarous treatment. Both are from New Castle and were married December 26, 1933.

Andrew Johnson files a suit against A. Hedland of the New Wilmington road for \$79.90 damages alleged to have been done to the Johnson car on July 10, 1937, when Mr. Hedland drove out from his drive onto the main highway.

Bertha M. Perrill asks a divorce from her husband Thomas H. Perrill on the grounds of cruel and barbarous treatment. Both are from Neshannock township and were married January 18, 1937.

Wilda Travers of New Castle asks a divorce from her husband William P. Travers on the grounds of cruel and barbarous treatment. They were married January 29, 1932.

Andrew Dobrovaski, of Volant, asks a divorce from his wife Bar-

bara Dobrovasky who resides in Czechoslovakia. Mr. Dobrovaski came to the United States in 1903. He was married in 1901. His wife refused to come to this country from Austria, now Czechoslovakia and he asks a divorce upon the grounds of desertion.

R. L. Wallace, trustee, files an amicable action against L. Clyde and Harriet J. Barry for \$1020.75 alleged due.

Every now and then someone comes up with some suggestions to improve court procedure. The latest one around the court house is that all witnesses be kept in a room outside the court room before they testify. This is done in some states for the reason that witnesses sometimes augment their story with what they hear from the witness. Jurors in murder cases would also be kept in another room before they are called for examination. In most murder cases after about ten jurors have been examined upon their voir dire, an epidemic of unalterable opinions and scruples against capital punishment appear. Either of them are usually sufficient to have the juror rejected from the murder jury.

Another suggestion is that all commonwealth case witnesses be paid after they have testified, just close their week's work. In many cases a commonwealth witness never gets his money at all due to forgetting it, or because he cannot afford to lay off work to come into the court house during business hours.

Commonwealth witnesses could be given an order for their compensation after they have testified. The commonwealth is responsible for their money no matter which way the case goes.

## Students Select Leading News Stories Of Year

(Special To The News)  
PITTSBURGH, Pa., Jan. 8.—The sinking of the U. S. gunboat Panay has been chosen as the outstanding news event of 1937 by students in journalism at the University of Pittsburgh.

A ballot of 40 students in classes in reporting and feature writing resulted in selection of the Panay incident as the number one news story by a close margin over the labor war between the CIO and the AFL.

Eight other outstanding news events selected by the students included strikes in automotive and steel industries, floods over the Ohio and Mississippi valleys, the Hindenburg dirigible disaster, Roosevelt's attack on the Supreme Court and the appointment of Justice Black, the London (Texas) school explosion, the coronation of King George VI, the stock market slump and business recession, and the marriage of the Duke of Windsor and Mrs. Simpson.

Men students placed the sinking of the Panay first, and the stock market slump second; whereas women students placed the Panay incident first, and floods in the Ohio and Mississippi Valleys second.

## WASHINGTON AT A GLANCE

### Why Mussolini Laughs At Us

Dispute Over War Amendment Gives Il Duce Grounds For Sarcasm

SAYS GOVERNMENT COULD USE RIGHT

Central Press  
Washington Bureau  
602 Times-Herald Bldg.  
By CHARLES P. STEWART  
Central Press Columnist.

WASHINGTON, Jan. 8.—One must admit that Benito Mussolini has plenty of justification for his attitude of hilarity toward the United States in connection with congress' predominant reaction to Representative Louis Ludlow's proposed constitutional amendment calling for a popular vote in support of an American declaration of war against any foreign power.

At least, I suppose it was Il Duce himself who gave us the ha-ha. The recent article, making fun of us, appeared in his personal newspaper, the Popolo d'Italia, and good judges of his literary style say that evidently he wrote it.

He generally is given credit for having done so, anyway. And when I say credit I mean "credit." It was a workmanlike editorial job, whoever did it.

THE LUDLOW AMENDMENT  
It is like this:

As we all know, the president of the United States cannot declare war, but we also know that, by his management of foreign affairs, he can create such a situation that was unescapable.

Then it is up to congress to do the actual declaring.

The voters have nothing to say about it.

That is constitutional.

Congressman Ludlow of Indiana seeks to amend the constitution so as to deny this power to congress without a popularly affirmative vote. That is, not unless we physically are invaded or attacked, requiring instant action.

HOW "UNDEMOCRATIC"?  
Objection to this process is based, partly, upon the contention that, while we were conducting our plebiscite, the enemy would be licking the tar out of us.

It is an objection which does not seem to hold good, considering that we could begin fighting instantly, if actually invaded or attacked.

But waive that point.

Objectors complain that the Ludlow program would be undemocratic.

It might be un-military. It might be impractical. Yet how could it be undemocratic?

MUSSOLINI'S VIEW  
The notion is what excites Premier Mussolini's risibilities.

What makes HIM laugh is the suggestion that anyone could assume that it is democratic.

"Of course it isn't," he reasons. "That's what's the matter with it. 'Phooey!' in effect, says the Popolo d'Italia, 'to democracy.'

"Democracies themselves are afraid of democracy in emergencies. 'When the supreme interests of a people are at stake even the most democratic governments take care not to trust the people's judgment.'

UNANSWERABLE?  
O. K. No opponent of the Ludlow amendment can answer that argument—except by saying that, normally, he is a democrat, but, in emergencies, a Fascist.

If you oppose Louis Ludlowism, in principle the Mussolini-istic doctrine is unanswerable.

NEVER TESTED ON ISSUE  
A qualification:

Some politicians maintain that our government is representative.

If they reason our representatives declare war that represents us. In the main, if we elect a representative, we know upon what issue we elect him. But we do not elect him upon a peace-or-war issue; that arises suddenly.

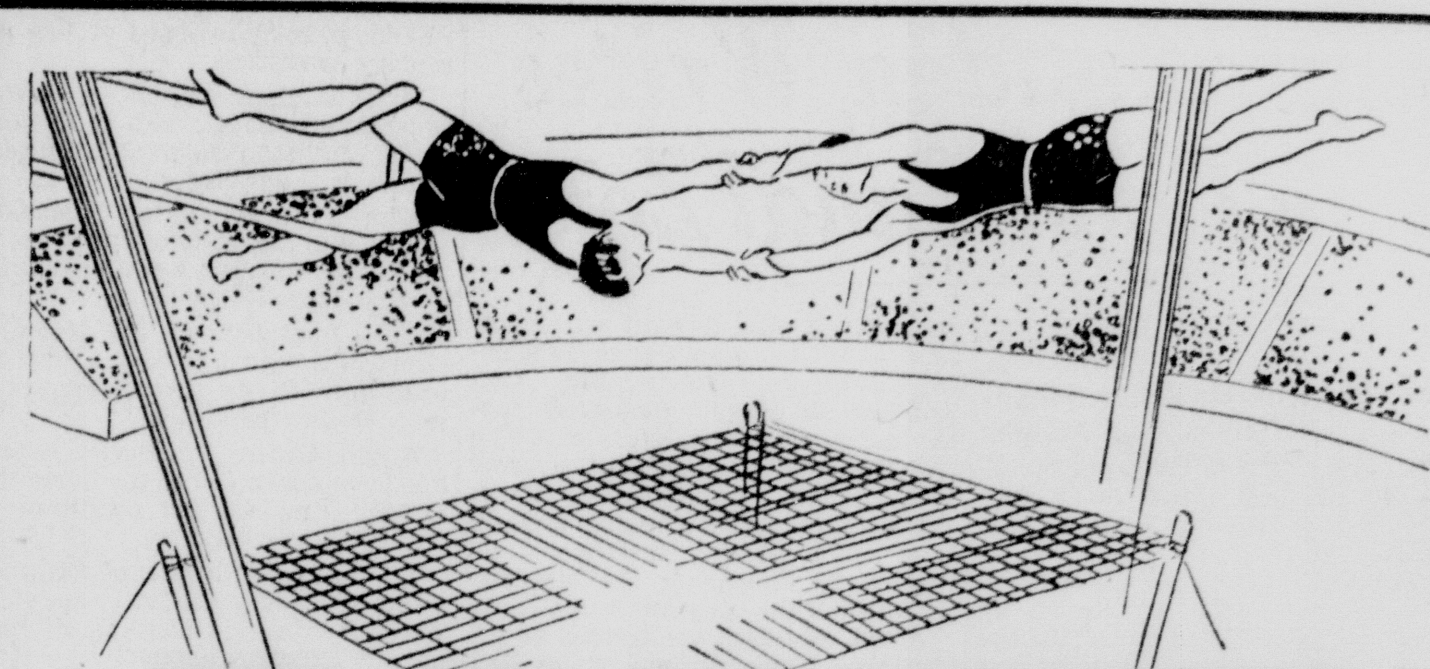

It is an issue upon which he has not been tested.

He uses his own judgment.

His constituency does not know which side he is on; he does not know which side his constituency is on.

Is that representative?

It looks queer to Benito Mussolini.

### New Castle High Defeats Ambridge

Score Is 28 To 20 In Section Three Game At Ambridge High Court

Nocera And Koszela Lead In Scoring As Castles Take League Victory

New Castle High School basketball team won its first game in Section Three of the W. P. I. L. last night at Ambridge. The team won 28 to 20 in a fast and well-played battle. Nocera and Koszela led the locals to victory with fifteen of the points between them.

The victory was somewhat of an upset, as Ambridge was figured to be rather stronger after that 35 to 20 defeat of Beaver Falls. The other night, but last night they had a hard time to keep up to the fine New Castle team. The locals dumped in eleven field goals and six fouls for their points, while they held the "Bridgers" to seven field goals.

**Even First Half**  
The first period ended 5 to 4 in favor of the Bridenbaugh coached machine. The first half ended 12-12. It was a well fought game, as the teams returned for the second half. The play continued mightily close in the third session which ended 19 to 18 with the locals still out in front.

The fourth and final period found the New Castle team gaining speed and steam and also a flock of points. The locals outscored the valley team nine to two in the final period to take the victory at 28 to 20. The New Castle defense led by Sniezek and Carey, along with Marvin was the best seen this year.

**Elwood Next**  
Koszela, Nocera and Strausbaugh took care of the scoring end of the New Castle attack and the above mentioned guards saw to it that the Ambridge boys didn't get near the basket.

For the losers the work of Holets and Ziowski was by far the best. New Castle High will play Elwood City High next Tuesday night in another Section Three encounter.

### Rambling Around In Local Sports World

Wampum's Frank Shubert contributes again...for the second time in several weeks Frank Shubert of Wampum contributes an interesting assortment of facts about baseball...not down the Wampumite's letter, Miss Scribbles...the Chicago White Sox new third baseman, Marvin Owen, is called "Freck". In 1889, Dave Orr, playing with the Metropolitans of New York in the American Association, popped out 33 triples...a forgotten feat...Oscar Mellilo spells his last name "Mellilo" instead of Mellilo...since everyone spells it with the two "l's" after the "i", Oscar let it go at that...In 1934, Morris Annick, Philadelphia Phillies' star outfield rookie, won the batting championship of the Northern league...the Terry family is a "left-handed" one...Bill, his wife and three of his four children are "crooked arms"...the Athletic hurler, George Caster, does not bother to wind up when he tosses the ball to the batters...Mr. Joseph Glenn is Polish and not Irish...the Yankees' catcher owns a handle which spells "Joseph Kosciuszko"...Larry French, formerly of the Pirates and now of the Cubs, bats left-handed while hitting with the fungo bat...he turns around at the plate in a regular game...during his major league career, Christy Mathewson fanned 2,447 batters and issued 806 Annie Oakleys...John Dickshot, Pirate outer garden man, changed his name a bit...his real name is Dickson...in 36, "Iron Man" Lou Gehrig poled out 49 homers...that number represented 16 more than the entire Brooklyn team smashed out...here's a report from Branch Rickey to the effect that Morton Cooper, chucker from Columbus, is faster than Dizzy Dean...during his major league playing days, Babe Ruth would smile when the Yanks were billed against the Detroit Tigers...no wonder, he hit 108 four-players and of this number 73 were made off of Detroit pitchers...we thank you again, Mr. Shubert.

**Local gladiators to compete**...New Castle will be represented by a pair of amateurs next week in a tournament to be conducted by a Pittsburgh sheet next week...Frankie Moran, entered in the 126-pound open, is the protégé of Clyde Lennox...the other is piloted by Tommy "Leach" Pagley and is Armond Cavelli, who will compete in the 135-pound novice division...they will flaunt the colors of the Jefferson A. C...as far as is known, no other local amateurs will compete...it has been rumored that Mickey Rubin may battle in the Smoky City shindig.

**Testimonial for Alex Shellogg**  
Eagan, another of New Castle's staunch sports followers, told the Rambling Reporter yesterday that plans are underway for a testimonial dinner honoring Alex Shellogg, New Castle's first varsity gridman at Notre Dame, and the 1938 captain of the Fighting Irish...according to Eagan, the fete will be held during the Easter vacation...the idea is a splendid one...we feel that Shellogg deserves some kind of recognition for his stellar performance on the gridiron in 1937...Eagan requested the Rambling Reporter to insert a sentence asking local sport enthusiasts if they favor the movement...if the idea goes through, we'd like very much to be counted in.

**Did you know that**...Marquette will battle three Texas eleven next fall...they are: Southern Methodist, Texas Christian and Texas Tech...here's a real lover of golf...Raiph Kennedy of Minneapolis played 31 different courses in 12 days during the month of October...only six were 9-hole affairs...the pilot of wrestling in a Columbus high school has a sign plastered on the ceiling of the gym...it reads: "If you are able to read this sign you are in the wrong position...good-bye, Miss Scribbles."

"According to the contract sent me, he has no stars to trade but just wants a bunch of bums at two for a nickel. Any trade he wants made for me is okay by me. Them's my sentiments."

### FROM ME TO YOU

By MESEKALL

We see by the paper that the Governor of our fair state has taken his seat in the oldest son's distant leave from him. It looks like the Governor means business, but if you notice his son is attending Harvard, and just between the two of us... why does a boy need a car at Harvard? ... ask the boy who has one... I can give a thousand reasons why he needs one.

If the cold snap stays very long there will be a couple of skating rinks made within the city limits... just don't get too excited.

Again we call your attention to the Croton Band Benefit Show to be held in the Ben Franklin school auditorium next Wednesday afternoon and evening... it will be a worthwhile pastime and it's for a great cause... if you can't find a place to buy your tickets, you can always buy them at the door... expecting to see you all next Wednesday.

This is the time of year that the farmers have nothing much to do... that's what you think... they must look forward to the summer months and plan what they are going to plant and also if they have any chickens now is the time they place their orders for chicks... in our opinion the farming profession is one of the greatest in the country... without the farmer where would we all be... no grain or potatoes... that would be nice, wouldn't it... there's nothing like the farm... everyone should spend some time in the country.

No matter how nice a party turns out, there is always someone that is not satisfied... that wouldn't be too bad but it is always those people that talk... they put a black eye on anything, but it pays not to pay too much attention to what they say... you know the type as well as I do.

To date the membership of the two Bachelor organizations reaches the total of five hundred... it grows each day and it looks like it might reach an all high of one thousand... however, there will be a special meeting on all members in the very near future.

Most people, in regretting the past, and fearing the future, miss the one golden hour that alone is theirs... the present.

NEW YORK, Jan. 8.—A more cheerful aspect to the general business picture lifted the stock market 1 to more than 3 points today.

While trading was only moderately active, virtually all sections of the list participated in the upswing, which carried the industrial averages through the December 21 high of 129.98. Coppers, steels, motors and rails were the strongest groups.

The market started on a firm note, absorbed light profits taking mid-way through the first hour, then forged ahead to new tops on the move.

Chrysler led the strong motor section with a runup of close to 4 points at one time, while General Motors gained more than a point. Low-priced issues, as Packard and Studebaker, were actively higher.

U. S. Steel climbed more than 2 as Bethlehem, Youngstown and National advanced about half as much in the steel department.

American Smelting spurred more than 2, Anaconda almost as much and Kennecott more than a point in the coppers.

In the rails Atchafalaya moved up 2 points, others showing gains of fractions to a point. Westinghouse Electric was up 2, Montgomery Ward a point in the mail orders, U. S. Rubber as much, and DuPont the same in the chemicals.

Utilities, rail equipments and aviationals chalked up gains running from fractions to a point.

## Tax Revision Bill Is Nearly Ready For House

Democratic House Leaders Plan To Pass Bill By February 1

### LONG BATTLE IS FORECAST

By WILLIAM S. NEAL  
International News Service Staff Correspondent

WASHINGTON, Jan. 8.—The new tax revision program was virtually completed today by the house ways and means tax subcommittee, with Democratic leaders of the house planning passage of a tax bill by February 1.

The measure, drastically revising the undistributed profits tax except for a special class of 500 to 1,000 corporations, and modifying other levies, is tentatively slated to be reported to the ways and means committee by the subcommittee next week.

Rep. Rayburn of Texas, Democratic leader, was advised that hearings can be completed and the bill reported to the house within three weeks.

**Expect Long Battle**  
A long tax battle, however, was forecast as the result of the subcommittee's action in adopting a punitive tax plan affecting closely held corporations.

Administration critics charged the tax repudiates the government's promise to business to modify taxes to encourage employment. Members of the subcommittee defended the punitive levy as a means of preventing tax dodging.

The subcommittee, it was learned, divided sharply on the new punitive program, with one Democrat joining Republicans in opposition on the ground that it would stifle growth of new and small corporations.

**As Program Appears**  
The tax program, as it appeared today, included:

Corporations—Flat rates of 12½ to 16 per cent of those earning under

\$25,000; rates of 16 to 20 per cent on those earning over \$25,000, with a "notch" provision smoothing-out rates on corporations earning \$25,000 to \$27,000, and the new penalty taxes.

The penalty tax of 20 per cent on closely held corporations earning over \$50,000 a year virtually kept intact the present undistributed profits rates on 500 to 1,000 corporations. A notable inclusion in this class was said to be the Ford Motor Company.

**Capital Gains**—New schedule of rates, top rate being 30 per cent as contrasted to present individual income tax rates on capital gains. Also permits one-year loss carryovers, estimated to save taxpayers \$24,000,000 a year.

**Estate Taxes**—Simplification of rates which will remain as at present on both estates and gifts, with rates on estates ranging up to 67.3 per cent.

**Miscellaneous Taxes**—Repeal of taxes on sporting goods, soap, toothpaste, brewers malt, "hot oil" administration levy, chewing gum, cameras, phonograph records and furs, total \$25,000,000.

## State Sets Up Units To Deal With Speeders

All Over 50-Mile Drivers On Highway Will Get "Salty Dose" Says Earle

### MOTOR POLICE WILL BE ACTIVE

(International News Service)

HARRISBURG, Jan. 8.—As reports came in that more than 100 persons have been arrested for violating Gov. George H. Earle's 50-mile-an-hour speed limit edict, the department of revenue today announced that 11 districts to deal with speeders were set up in the state to be ready for action Monday.

One or more men have been assigned to each unit. Secretary of Revenue J. Griffith Boardman said. This morning they were given their first experience in dealing with the "over the 50-mile" motorists through a mock hearing.

**Dutton In Charge**

Capt. H. W. Dutton, formerly field representative of the governor's highway safety council, was named chief of the new speed violation unit. The divisions were outlined as follows:

District 1—Philadelphia, Chester, Delaware, Montgomery and Bucks counties; district 2—Lancaster, Berks, Lebanon and Schuylkill; district 3—Lehigh, Northampton, Carbon, Monroe and Pike; district 4—Lackawanna, Susquehanna and Wayne; district 5—Luzerne, Columbia, Wyoming, Sullivan and Bradford; district 6—Lycoming, Tioga, Potter, Clinton, Union, Snyder, Montour and Northumberland.

Out-of-state motorists will lose their Pennsylvania courtesy for 90 days if convicted of violating the law. All other states in the union have reciprocity agreements with Pennsylvania on this line, Dutton said.

## AROUND CITY HALL

Opening of the city's bunkroom at the municipal building recalls that in some cities persons are fingerprinted when they apply for lodging. Because of this not many persons have been applying for a night's lodging in those cities. Whenever a person asks for lodging here and appears suspicious his fingerprints are taken before he is permitted to leave the building. Between 2,000 and 3,000 fingerprints have been taken since the detective bureau was organized here some years ago.

Bad check passers were at work during the Christmas holidays. Checks cashed in Cortland, O., were drawn on a local bank. According to detectives they believe a woman was concerned in the "rubber check" business. Despite police warnings time and again businessmen of different cities cash checks for strangers.

One hundred and eighty operators of motor cars received a ticket for violating parking in December. Three were arrested for violating other traffic regulations and six were arrested for speeding. Drunkenness resulted in 55 arrests. Five persons were taken into custody for alleged violation of moral laws and one arrest was made for failure to stop and assist following an auto accident. Four were arrested for breaking, entering and larceny and one was arrested for possessing and selling marihuana weed. In all 348 arrests were made.
